## CUSTODIAL SERVICES MAKING A CLEAN SWEEP OF OUR WORLD

The cleanliness of Walt Disney World is second in guest comments only to the friendliness of our cast members, and thanks to the efforts of over 500 dedicated cast members . . . and the help of modern-day technology . . . our guest areas and backstage areas continue to "shine".

Keeping Walt Disney World clean is no easy task. Roy Young, Manager of our Custodial Services, told us that the Custodial department is always striving to improve cleaning methods and to do so they test equipment for large manufacturers. A large vacuum cleaner used in cleaning Walt Disney World for one week will receive the equivalent of one year's home use!

Thanks to his association with the National Executive Housekeepers Association where he presently serves as a member of the National Board of Directors representing the Southeastern District, Roy is able to keep informed of all the newest equipment and techniques to improve his department's efficiency.

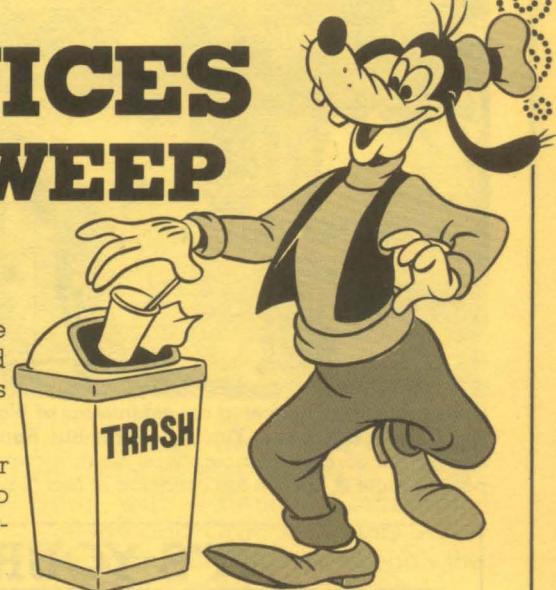

While many of us are familiar with the tasks our custodial hosts and hostesses perform during our operating hours, such as sweeping and bussing tables, many of us are not familiar with the work that is done each night by our third shift cast members.

Each night the "heavy" cleaning is completed, from hosing off our walk-ways using 50 pounds of pressure from pressure hoses, to cleaning 27 different types of flooring, to cleaning our guest and cast member parking areas.

To solve the problem of what to do with all the trash that is compiled at the end of each day, we utilize our AVAC (Automatic Vacuum-Actuated Collection) System. A custodial host or hostess only has to empty the plastic insert from one of our trash containers into the underground pipes to an area behind Frontierland, far out of our guests' sight.

The Custodial team does a tremendous job keeping the "shine" for all of us . . . but it's a big job and requires a team effort to maintain our reputation as the cleanest and friendliest recreation area in the world!

continued page 2

Our third shift cast members are responsible for most of the heavy equipment operation, including the cleaning of all our waterways. Chuck Spivey and L.A. Hoitt are shown here operating the Waterway Vacuum Boat on the theme park waterway. They also clean our Golf Course waterways, Small World and Pirates of the Caribbean waterways in the early morning hours.

## CUSTODIAL SERVICES . . . MAKING A CLEAN SWEEP OF OUR WORLD

continued from cover

Custodial hosts and hostesses not only clean our guest areas, but also pick up our break areas and cafeterias during the day. Roy Young, Manager of Custodial Services and Ronald Sullivan clean up our newly renovated Main Street break area.

Each evening our backstage areas are thoroughly cleaned so they are fresh each morning for our first shift cast members. Charles Dowdell, Don Webb, Duke Jones, Mary Gregg and Mike Hill are among the many cast members who spend their evenings cleaning your break areas.

Our guests often marvel at the cleanliness of Walt Disney World, especially after our parades. Jim Dale, Herb Jones, Tim Pritchard, Bill Rankine, Angelo Fichera and Judy Parsons are among the 35 cast members who clean along the parade route. Thanks to their work, our parade route is back in top condition in less than fifteen minutes after each parade!

## IT'S YOUR WORLD!

Our backstage areas are really undergoing a "facelift" with work presently in progress in our Fantasyland Cafeteria, Women's and Men's Locker Rooms, Adventureland break area, and even our Contemporary Resort 4th floor break area. One of our recent completions is the Tomorrowland break area which received a new wall mural. **Martha Williams, Calista Harris and Susan Perkins** of Tomorrowland talked with Designer **Dick Banks** on a recent tour of the new facility, and they all agreed the mural was a terrific improvement!

## COMIC BOOKS AVAILABLE THIS WEEK!

"Mickey Mouse and Goofy Explore Energy" is another educational comic book produced by the Walt Disney Educational Media Company ( WDEMCO). This book will be distributed to all cast members on Thursday, September 7 with paychecks. This entertaining pamphlet is designed to keep you aware of energy savings steps to take in preserving our natural resources.

### EASTERN'S "IF YOU HAD WINGS" SETS NEW ATTENDANCE RECORD

Our Eastern Air Line Representative Roger Brower, pictured here with Air Travel Hostess Marilyn Sullivan and Customer Service Agent Harris Hill, announced that on August 5 their 40 millionth visitor entered "If You Had Wings". The attraction first opened on June 1, 1972 and has

been a favorite with our guests ever since.

In addition to setting their new attendance record, Roger also informed us that their newly renovated exit area is now capable of handling all ticket arrangements and information for cast members and guests alike. If you're making travel plans, stop by the ticket service area at "If You Had Wings" and the Eastern representative will be happy to assist you!

### EIGHTH PAID HOLIDAY SELECTED

We are pleased to announce the addition of an **eighth paid holiday** to Walt Disney World's employee benefit program. This will be a **floating holiday** to be designated in advance by the Company.

This year our floating holiday will be observed on **Monday, October 9** as a celebration of the dedication month of Walt Disney World.

Eligibility guidelines for this new paid holiday will remain the same as in our current paid holiday program.

### SPECIAL TICKET OFFER FOR TRI-COUNTY AREA

Our Marketing Division is sending a special letter to all residents of Orange, Osceola and Seminole Counties offering a special-value Magic Kingdom ticket during the month of September.

As residents of these three counties, many of our cast members will also receive this letter.

To clarify any questions you may have concerning this letter, we would like to emphasize that this is not a new employee benefit, rather a special "Thank You" to our year round neighbors. Your cast member discount does not apply on these special tickets, but you may continue to purchase special-value employee ticket books at Fantasyland Cash Control, Walt Disney World Village Cash Control and Cast Activities.

### HERE'S SOMETHING NEW!

### MAGIC KINGDOM TAPED "TOUR" FOR THE BLIND

Beginning **Monday, September 4** Walt Disney World will offer a new service for our blind guests . . . a 60 minute taped "tour" of our Magic Kingdom to help explain the general layout of our park.

These tape cassettes describe our attractions, food and merchandise locations and even explains the theming which makes our Magic Kingdom so unique. Our blind visitors may browse through the Magic Kingdom at their own pace, following directions given on the tape.

Guests who request this service should be advised to purchase ticket books, then stop at City Hall once inside the Magic Kingdom. Tape recorders equipped with the tape "tour" will be available at no charge to our blind guests other than a fully-refundable deposit of \$5.00.

This new guest service will be a valuable addition to the overall experience received by our guests at Walt Disney World.

# "It Takes People"

**Helen Schley** says her job is the perfect job for someone who enjoys children . . . Helen is one of our Lost Children and Baby Care hostesses. Originally from Albany, Georgia, Helen moved to Philadelphia to attend classes at the University of Pennsylvania. Within a few short months she had met and married her husband Herb and moved to Long Island. Seventeen years and two children later, they returned to the South, settling in Winter Garden. Before joining our Disney cast, Helen spent 17 days as a volunteer Pink Lady for local hospitals. On opening day, December 12, 1971, Helen was waiting at our gates at 6 am for a peek at what would later become her second "home". She fell in love with Disney and came to work with us a few months later. Helen says she's not sure what she'll do in the future; she wants to keep busy though, so she doesn't plan to retire very soon. But even if she does she'll probably visit the Magic Kingdom often . . . her son **Herb** is also a cast member!

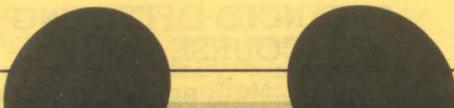

One of **Andrea Parramore's** favorite pastimes is singing with her church choir, the Mass Choir of Carter's Tabernacle. The group has traveled to North Carolina, South Carolina, and Atlanta performing for other churches. Andrea was born and raised in Orlando, becoming a cast member in 1974 while still a student at Oak Ridge High School. She became a permanent cast member in 1976 and is presently working at our Plaza Pavilion. When she's not working or singing, Andrea likes to try her hand at tennis or just relax and enjoy a good book. She spends a lot of time reading as a pre-law student at Valencia Community College. Although she hasn't decided where she'll continue her education after Valencia, she is certain she wants to become a lawyer. In the meantime, she plans to stay in her present position to help finance her education.

Each day, hundreds of guests and cast members alike lock themselves out of their cars; but with the assistance of cast members like **Bill Vogt**, one of our Walt Disney World Locksmiths, their day still has a happy ending. Bill has been "picking locks" since joining our Disney Cast in September 1972. Before that he spent twenty-two years in the Air Force working in Supply and Logistics. Of all the ports he found himself stationed in, Germany was his favorite. After retirement he headed back home to Orlando, Florida. Now he plans to stay right here until he retires for the final time. When he's not busy assisting our locked-out guests, Bill enjoys spending time with his wife and two children, working in the garden or going fresh water fishing.

Over 40 cast members and guests returned last Monday from their final white water rafting trip of the season, and what a trip it was! Saturday was spent "warming up" on the French Broad River, which is mostly intermediate rapids . . . then it was on to the Ocoee River in Tennessee Sunday, for six-hours of battling white water that challenged even the best rafters!

Plaudits went to **George Newlin** of Pecos Bill's Cafe for being washed right out of his raft in a series of ten-foot tall waves called Double Trouble . . . and riding

them out in his lifejacket! While several other rafts became stuck in "hydraulics" and had to be hauled out by safety lines thrown by the guides!

In all, everyone agreed it was the best rafting trip to date and they can't wait for next summer to take on the rivers again.

Don't forget that the **Snow Skiing Club**, which sponsors these trips, has a line-up of winter trips to the mountains this January and February. Watch **EYES & EARS** for full details on how you can join in their snow skiing trips.
